Paragon Ensemble Ltd is a Scottish Charity Registered No. SC 009006

HORIZONS

Paragon's mentoring programme supports the creative journeys of aspiring musicians and dancers, widening access to the arts. Horizons is **creative, inclusive**, fosters new **connections**, and offers unique opportunities for mentees to **share** their artistic work.

Creative

Horizons supports mentees to achieve their creative aspirations, whether these be to perform in public, create new work, begin a career in the industry, or simply immerse themselves in music or dance. Horizons mentees are matched with a professional Paragon musician or dancer to act as their mentor.

Inclusive

All Paragon mentors are trained in inclusive practice, and are experienced facilitators of inclusive arts workshops. The one-to-one nature of the programme means it is completely tailored to suit an individual's needs and aspirations.

Connecting

Horizons creates links between the mentee, relevant organisations, and their wider community. Mentees meet and work collaboratively with other artists, and explore new avenues to further their creative aspirations.

Sharing

Horizons provides platforms for mentees to share their creative work. Mentees are supported to refine and perform their new works to different audiences.
